glazed doors  
 & screens  
 mcr PROFILE

Established in 1988, Mercor SA has become one of the largest manufacturers of passive fire protection systems in Europe.

**Our extensive product portfolio includes:**

- ▶ Fire doors, gates and partitions
- ▶ Smoke and heat exhaust systems
- ▶ Rooflight systems
- ▶ Fire ventilation systems
- ▶ Fire protection systems for building structures

Mercor SA produce a comprehensive range of high quality glazed door & screen systems to suit almost any application. All of our products are supported by a team of professionals, offering our clients technical solutions and assistance at each stage of their projects from concept to completion.

**GLAZED DOORS & SCREENS**

Our glazed doors and screens are constructed from either Forster or Jansen steel profile systems. Both of these high quality systems offer fully be-spoke solutions, giving the specifier an extensive range of design options.

**Fire performance:**

- ▶ Glazed doors FD30, FD60, EI 30, EI60.
- ▶ Glazed screens FD30, FD 60, FD120, EI30, EI60, EI120.

**All of our glazed doors are delivered with the following hardware as standard::**

- ▶ 2 no. of steel hinges,
- ▶ Stainless steel lever handle set,
- ▶ Intumescent gasket and smoke seals
- ▶ Door closer

THE SYSTEMS ARE SUPPLIED WITH A POWDER COATED FINISH TO ANY STANDARD RAL COLOURS

**Additional accessories:**

- ▶ smoke resistant threshold- automatic drop seal
- ▶ panic bolt and push- bars
- ▶ double glazing
